### HQD MINNOW 110F-SR

TYPE:FLOATING

SIZE:111mm

WEIGHT: 16.6g

DEPTH:1-1.4m

ACTION:WOBBLING&ROLLING

HQD MINNOW 110F jerkbait was designed with many key factors: size, hook placement, and action. Utilizing three sharp treble hooks, this HQD Minnow 110F casts to perfection while performing a responsive 'jerking' action needed to attract fish. Add a high-end paint job, 3D gill plates, and a realistic profile, the Minnow 110F will be sure to add a spot in your lure arsenal.

3フックを採用する事によりフッキング率が向上。3フックにありがちなX系アクションではなく、なまめかしいウォブル&ロールアクションが魅力。飛距離も抜群でジャークキングにも特化。パニックアクションで群れから離れたベイトを意識するのも効果的。

# HQD SHINER

## 62SP-DR/SR 75SP-DR/SR

HQD SHINER was engineered to swim to perfection and cast flawlessly due to its Weight Transfer System. Debuting in two sizes, the HQD Shiner SR dives 0-1 Meters and the DR version dives 1-2 meters in the water column while maintaining a steady action to increase more bites. Add 3D eyes, gill plates, and a high-end color scheme, the HQD Shiner SR/DR models will be sure to catch more fish.

SRは1mまでを、DRは2mまでをサーチ。大きなアクションによりアピール力絶大。重心移動により飛距離を稼ぎつつ、安定性も兼ね備えたシャッド系ルアー。ベイトのサイズ、停滞域に合わせ使い分けたい。

With this POPPER swimming in the water surface, it is excellent for the fish to be conscious of the water surface! The main function of HQD POPPER is to imitate the natural splashing and act as a frightened fish rushing around. This lure is easy for any angler to control, it is also charming for fish. The HQD POPPER has been proven in freshwater and is also recommended for all Saltwater predators due to the big splashing action and balanced weighting.

魚が水面を意識しているときに一番のPOPPER。HQD POPPERはスプラッシュに重きを置き、ベイトが逃げまどう様子を実現します。誰でも簡単に操作出来、それでいて魚へのアピールは絶大です。スプラッシュが大きいこと、ウエイトバランスにより、海での使用も可能です。

# HQD JERKBAIT

## 52F/SP-SR/80SP-SR/100SP-SR

HQD JERKBAIT can adjust to quick fierce jerking and make an attack. It can realize the stable action in directional retrieval. With tricky and natural action combined, this JERKBAIT can attract and catch smart fish. It is recommended to choose different sizes to obtain the desired depth and to work effectively.

激しいジャークに対応し攻撃的に攻める事が出来るジャークベイトです。尚且つステディリトリブでも、安定性のあるしっかりした泳ぎを実現しています。トリッキーな泳ぎとナチュラルな泳ぎを複合して、狡猾な魚を仕留めます。ベイトに合わせたサイズチョイスがより有効に働きます。

# HQD SUPER SHAD

## 80F-DR/100F-DR

The HQD SUPER SHAD realizes amazing 3-4 meter diving ability. After casting, the lures can dive into deep water quickly by the head downward. With a fixed weight system, this SUPER SHAD can realize a superior and stable action to achieve premium performance. The HQD SUPER SHAD is also an excellent choice for trolling fishing. Selective series with many variations of lures can be provided according to desired depth.

SUPER SHAD は3-4m超の深場攻略の為、製作しました。水中姿勢は頭下がり、着水後すぐに泳ぎだし、最短で深場まで潜ります。固定ウエイトを採用し、泳ぎの安定性を重視、トロリングにも耐えられる仕様になっています。先行深度に合わせサイズの使い分けをお勧めします。

The Pencil 90 darts smoothly and efficiently, allowing you to cover more water and catch more fish. Add the realistic 3D Eyes, gill plates, scales, and superb paint job, this lure will soon become a favorite in your box.

サーチルアーとして最初に投げたいルアー。難しいアクションは要らず素直に動いてくれる使いやすいペンシルベイト。アクションによってはダイブも可能な、多彩な動きを見せる。後方重心により弾丸のような飛行姿勢で飛距離も万全。

# HQD SINKING

## 95S/100S

The Sinking 95S Slender body can be casted into the wind easily for a greater casting distance. It is designed for two places for hooks in the tail, so you can choose the position of the hook according to the action desired. When dragging the Sinking 95S at a constant speed, the lure has a slow swinging action for a natural swimming action, but can be twitched so the lure looks like a fleeing bait fish running away, stimulating the big fish to attack. When allowing the lure to sink, it will shake back and forth, so it can attract the bigger fish in all the water columns. The shaking, combined with steady dragging and small twitching, the lure will be swimming in the water as an injured fish to attract the hungry big fish in all the waters.
